CENTER FOR UFO STUDIES

P.O. Box 11 ■ Northfield, Illinois 60093

Dr. J. Allen Hynek, *Director*
Chairman - Department of Astronomy
Northwestern University
Evanston, Illinois

NEWS BULLETIN

This bulletin is not intended to be a Technical Report. It is solely to keep contributors and investigators current on the scope of Center activities. Summaries of Technical Reports will be issued when cases or projects are completed.

NBC DOCUMENTARY

NBC has scheduled the airing of their hour-long UFO documentary for Sunday, December 15th (10:00 EST, 9:00 CST.) We understand that it will follow a Bob Hope special, which should insure a large audience. The operations of UFO CENTRAL and interviews with Dr. Hynek were filmed and will probably appear in the final presentation.

CORRESPONDENCE

Due to the large volume of mail that we receive, it is necessary to request that all correspondence requiring an answer be accompanied by a long, self-addressed, stamped envelope. This helps to expedite your request and keep down our postage bills.

TAX EXEMPT STATUS

All donations to the Center are tax-deductible under the Internal Revenue Service 501(c)(3) ruling. Copies of the Center's Internal Revenue tax-exempt ruling determination are available for donors who wish them.

NEWSCLIPPINGS

The Center wishes to thank all of those who have recently sent newsclippings. Photocopies or originals are always appreciated and the name of the newspaper and date should be included. Please understand that it is not always possible to acknowledge the receipt of each clipping.

INTERNATIONAL

During Dr. Hynek's recent trip to give an astronomical paper at the Imperial College in London, he met with the Flying Saucer Review staff (see Center News Bulletin July 20, 1974) and two members of the Center's Scientific Board - Dr. Claude Poher in Paris and Dr. Paul Davies in London. Both are actively engaged in UFO research projects.

AVAILABLE INFORMATION

The Center offers reprints of documents from governments, industry, and the scientific community (this list was included in the Center News Bulletin July 20, 1974) as well as a list of recommended reading.

An updated list of books is included with this bulletin. All material listed is available from the Center and an order form is included for your convenience.

Due to an unexpected large number of orders that we received for the documents listed in our last bulletin, many documents had to be re-printed. This has caused a delay in filling some orders, but please be assured that your order will be sent as soon as possible.

INVESTIGATORS

The Center has no way of determining the quality of preliminary reports received through UFO CENTRAL. Therefore, no expenditures for investigation are authorized until an investigator submits a preliminary report to the Center for authorization by Dr. Hynek.

A current map of investigators is included with this bulletin.

UFO CENTRAL

Following is a list of UFO sighting reports received through UFO CENTRAL, the Center's toll-free "hot-line" for the use of official agencies such as the police and the Federal Aviation Administration in transmitting UFO sighting reports.

Interested donors may wish to check with their local law enforcement agencies as to whether the agencies are aware of the toll-free number. Copies of the directives which the Center sent to police chiefs and sheriffs around the country will be sent to agencies who request them directly from the Center at: P.O. Box 11, Northfield, IL 60093.

This number is not for general public use and UFO CENTRAL operators accept calls from official agencies, only.
